Lessons and Tools to Stop Bullying on Your School Campus

The statistics are heartbreaking. Reports of school bullying and harassment are at an all-time high. But across the country, students and teachers are taking action to create **safe schools, free from stereotypes, intolerance, and hate.** They're part of a movement called **Not In Our School.**

Not In Our School (NIOS) uses video and storytelling to inspire young people to speak out against bullying and harassment. Our videos, lesson plans, and activities showcase the capacity and creativity of young people who are creating new ways to make their schools safe for everyone. **Learn more and watch videos at NotInOurSchool.org.**

"Not In Our School has given my students countless engaging examples of people just like them who have accepted the challenge to take on bullying and intolerance in their schools."
