About the film

Not In Our Town: Light in the Darkness is a 30-minute documentary about a town coming together to take action after anti-immigrant violence perpetrated by local high school student devastates the community.

In 2008, a series of attacks in Patchogue, NY culminated with the murder of Marcelo Lucero, an Ecuadorian immigrant, a 13-year resident of the Long Island village. Learn from community members and leaders as they openly address the underlying causes of the violence, work to heal divisions, and take steps to ensure safety and respect for everyone in their community.
